Notes:

1. The inbound DND is calculated at 00:00AM from the next day of container discharge from vessel till the day of empty container return to carrier's designated facility.
2. The Outbound DET is calculated at 00:00AM from the first day of empty container pick-up till the day of laden container return to carrier's designated facility.
3. The tariff is calculated by working day during free time. After free time expiration, it is calculated by calendar day.
4. The tariff doesn't include any storage and reefer charges at port, all these charges should be paid by customer directly.
5. Whatever CY or Door, all shipments are complied with the tariff.

6. This adjustment covers all Lines in Canada.

7. This tariff valid from July 1st, 2017.
